My Favorite Thing About FFA

“One thing that I love about FFA is that it’s more than just a program or association, it’s a family. There is no room for judgement or hate, there is only love and respect amongst the members. I also love all the opportunities that comes with being a member. With the various different events that are held members are able to meet new people and travel to new places. In a whole, FFA is one of the best things that I have been able to participate in and I will forever be thankful for the friends and family I have been able to find through the various events.”
